

Dear Microsoft Certified Professional:

Congratulations on your recent Microsoft Certified Professional accomplishment! Your Microsoft Certified Professional Certification Kit is enclosed.

**Before opening your Certification Kit, be sure to read the enclosed Microsoft Certified Professional Program and Logo Agreement.**

Breaking the seal of your Certification Kit indicates you have accepted the terms and conditions of the *Microsoft Certified Professional Program and Logo Agreement*, and accompanying *Instructions for using the Microsoft Certified Professional Logo*. Together, these explain your privileges and responsibilities as a Microsoft Certified Professional, and how you may use your new Microsoft Certified Professional Logo.

Your Microsoft Certified Professional Certification Kit contains the following materials:

- Microsoft Certified Professional Certificate
- Microsoft Certified Professional Camera Ready Logo Sheer
- Microsoft Certified Professional Membership Card
- Microsoft Certified Professional Lapel Pin

As a Microsoft Certified Professional you are recognized and promoted by Microsoft as an expert with the technical skills and knowledge needed to design, implement and support solutions with Microsoft products. The Certification Kit contains the tools you need to identify your Microsoft Certified Professional status to colleagues and clients. You may also now receive special invitations to Microsoft conferences and technical training events, including special events held exclusively for Microsoft Certified Professionals.

Also enclosed, please find a Microsoft Certified Professional Transcript, which lists the exam(s) you have passed. This can be used to validate your technical expertise with specific products to clients and colleagues.

From time to time there may be additional requirements to maintain certification status, such as taking an upgrade exam for a new version of a product. In these cases, you will be notified by mail and have six months to complete the new requirements.

To receive the latest information regarding the Microsoft Certified Professional program, order the Microsoft Education and Certification Roadmap. This is available directly from Microsoft (in the U.S. call 800-636-7544, in Canada call 800-563-9048; outside of the U.S. and Canada contact your local Microsoft office); or visit our WEB site [http://www.microsoft.com/train\\_cert](http://www.microsoft.com/train_cert)

We look forward to helping you succeed as a Microsoft Certified Professional!

Sincerely,  
Microsoft Certified Professional Team
