

Dear Microsoft Certified Professional:

Congratulations on your recent Microsoft Certified Professional accomplishment! Here is the Microsoft Certified Professional Certification Welcome Kit you've been waiting for.

Before opening your Welcome Kit, please read the enclosed Microsoft Certified Professional Program and Logo Agreement.

Breaking the seal of your Welcome Kit indicates that you have accepted the terms and conditions of the Microsoft Certified Professional Program and Logo Agreement, including the corresponding Microsoft Certified Professional Logo Guidelines. Together, these explain your privileges and responsibilities as a Microsoft Certified Professional and how you may use your new Microsoft Certified Professional Logo.

Your Microsoft Certified Professional Welcome Kit contains the following materials:

- Microsoft Certified Professional Certificate
- Microsoft Certified Professional official transcript
- Microsoft Certified Professional camera-ready logo sheet
- Microsoft Certified Professional Logo Guidelines

As a Microsoft Certified Professional, you are recognized and promoted by Microsoft as an expert with the technical skills and knowledge needed to design, implement, and support solutions with Microsoft products. The Welcome Kit contains tools you need to identify your Microsoft Certified Professional status to colleagues and clients. You may also receive special invitations to Microsoft conferences and technical training events, including special events held exclusively for MCPs.

Your Microsoft Certified Professional official transcript lists the exam(s) you have passed. You may use this transcript to validate your technical expertise with specific products to clients and colleagues.

From time to time, program requirements may be added to maintain certification, such as taking an upgrade exam for a new version of a product. In these cases, you will be notified by mail and will have six months to complete the new requirements.

For the latest information about the Microsoft Certified Professional program, please visit the Microsoft Certification Online Web site at <http://www.microsoft.com/mcp>. To receive a listing of Regional Education Service Centers (RESC) for Microsoft training and certification visit http://www.microsoft.com/train_cert/resc.htm.

We look forward to helping you succeed as a Microsoft Certified Professional!

Sincerely,

The Microsoft Certified Professional Team
