Subject: JWUMC - A job well done.

After speaking with Mary Lee Lawson at the church, I would like to express to the Technical Dept. how very happy they are with the completed Network project.

The project was completed in a timely manner, due to the flexibility Jeff Bowden used in managing the schedule, as well as the expertise and professionalism displayed by Louis Lopez and James Beckham on site.

Many thanks from Rick and myself to all involved for helping to enhance our relationship with John Wesley United Methodist Church.

Ron
